

Bachelor of Science

Early Childhood Education

The Bachelor of Science in Early Childhood Education is a program designed for students who are interested in working with children from birth to age eight. Students are expected to gain an understanding of the developmental pattern of the young child in such areas as cognition, emotion, social interaction and physical growth. This understanding will be the basis for working with groups of children and will culminate in a practicum. Students have the option of selecting either a minor in Sociology or Business.

Program Highlights

- Courses offered evenings and weekends
- Courses offered on a part-time basis
- Flexible schedules designed for busy adults
- Personalized advising and assistance
- Experienced and caring faculty

Business Minor

This minor provides the fundamentals of business to help students gain more knowledge of different areas such as accounting, economics, finance, marketing and management. Courses include the business minor core in addition to business electives that the student may choose.

It is the policy of Lake Superior State University that no person shall be discriminated against, excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination in employment, or in any program or activity for which the University is responsible on the basis of race, color, national origin or ancestry, gender, age, disability, religion, height, weight, sexual preference, marital status or veteran status.
