Annual Report

Employment and Salaries of 2008 Graduates

A Report on the Employment and Salaries of the Class of 2008

A yearly survey of baccalaureate graduates is conducted by Career Services to gather information regarding employment status, enrollment in graduate or professional school, and starting salary.

Career Services surveyed all 458 bachelor degree recipients from the Class of 2008, which includes graduates from the August 2007, December 2007 and May 2008 graduating classes.

The majority of disciplines reported good job opportunities with graduates receiving an average starting salary of \$40,560, up approximately 9% from 2007! LSSU grads chose jobs in Michigan at a rate of 58.9%, down 8.9% from 2007.

According to the National Association of Colleges and Employers (NACE), hiring and starting salary offers will remain flat for the graduates of the Class of 2009 compared to 2008. Many degrees will still be in demand, including accounting, engineering, computer science and nursing.

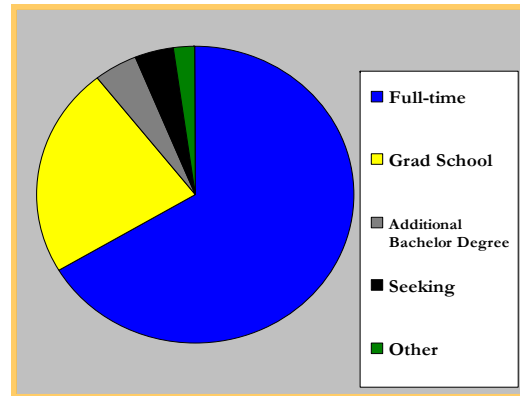

NACE also reports that according to employers surveyed, the "perfect" candidate for the job is a top-notch communicator and a hard worker. The top three important qualities/skills for a job candidate were rated as communication skills, teamwork skills and initiative.

Annual Report

Number of Bachelor Degrees: 458
 Number reporting in this survey: 233 (51%)
 Those seeking/finding employment within one year of graduation: 94.8%

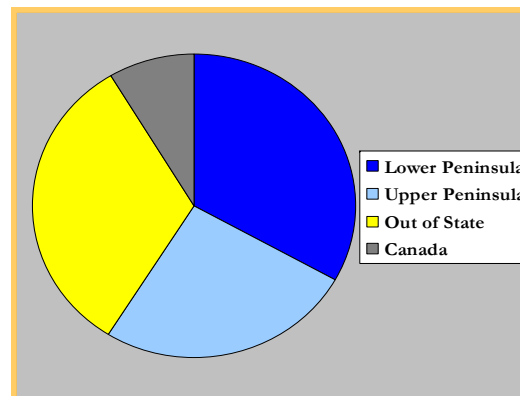

Grads Employment Status Following Graduation

Full-time: 155 (66.5%)
 Grad School: 62(23.1%)
 Additional Bachelor Degree: 11 (4.7%)
 Seeking Employment: 9 (3.9%)
 Other: 5 (2.1%)

Locations of Employment

Lower Peninsula: 54 (33.1%)
 Upper Peninsula: 42 (25.8%)
 Out of State: 53 (32.5%)
 Canada: 14 (8.6%)

Salaries Accepted by discipline

# grads/# responses/ # salaries reported	Low	High	Average
Accounting 26/13/7	37,000	52,500	41,500
