*As of July 1, 2003, applicants for a CPA certificate will be required to have completed 150 semester hours of college education. The 150 hours program requires an additional 22 credit hours. Students pursuing the 150 hour program will define an individualized program to meet their interests and preferences with the approval of their advisor. Students should complete the **MACRAO** certification from North Central Michigan College to meet the general education requirements at LSSU. **This revised articulation is effective for students admitted/entering LSSU the fall 2008 semester. Upon acceptance to the university, business students will enter into the Pre-Business program. During the semester that the Pre-business coursework is completed, students will need to apply to the School of Business.**
