Total LSSU	17
Total credits required	<u>124</u>

LAKE SUPERIOR STATE UNIVERSITY

School of Criminal Justice and Fire Science

*These six courses are required by the Michigan Commission on Law Enforcement Standards to be taken by students during their final Spring semester at LSSU. CJ197 will be taken both semesters (PE116 at NCMC transfers to meet 1 credit of this requirement). In addition students desiring MCOLES certification must also complete a summer skills-completion program. See the MCOLES director for details.

The seven week skills-completion program is offered in the summer semester following the spring semester of the senior year. Note: Current EMT license waives the HE189 First Responder course

The NCMC/LSSU B.S. Criminal Justice Law Enforcement Program Highlights:

- Students complete 92 credits of coursework at NCMC with LSSU delivering a component of course work to NCMC via Distance Education. Students will be required to attend the spring semester of their senior year at the LSSU main campus which is followed by the 7 week academy in the summer semester.
- The BS program at LSSU in Law Enforcement incorporates both the regular academic degree as well as the hands on police training.
- A student who successfully completes the BS in Law Enforcement and the seven week summer program is ready to enter law enforcement. They do not have to attend a traditional 15 week police academy.
- Lake State has an indoor firearms range and a skid car for law enforcement training.
- All instructors in the LSSU academy are active police officers or attorneys.
