3.1. Right to Organize

The University hereby agrees that each faculty member shall have the right to freely organize, join, and support the Association for the purpose of collective bargaining. As a duly established body exercising power under the laws of the State of Michigan, the University undertakes and agrees that it will not directly or indirectly discourage, deprive, or coerce any faculty member in the enjoyment of any rights conferred by enacted laws of Michigan or the Constitutions of Michigan and of the United States; nor shall the University discriminate against any faculty member with respect to hours, wages, or any terms or conditions of employment by reason of membership in the Association; participation in any activities of the Association; or the institution of any grievance, complaint, or other proceeding against the University provided for by this Agreement.

3.2. Exclusion of Other Bargaining Organizations

The University shall not aid, promote, or finance any group or organization which attempts to engage in collective bargaining on behalf of faculty members covered by the Agreement, or whose activities would tend to undermine the Association in its legitimate collective bargaining function.

3.3. Access to Facilities

The Association and its representatives shall have the right to use the institution's facilities for meetings on the same basis as other organizations, whenever such facilities are not required for educational purposes. Using normal University procedures, the Association shall have the right to schedule meetings in classrooms not otherwise in use, at no cost. The Association shall be assigned a campus mailbox. It is specifically understood that the University will not provide mail franking privileges and that the use of the inter-building University mail delivery system will not be utilized for partisan political activity.

3.5. Grievance Information

Upon request by an authorized member of the Association, the University shall provide the Association with all information required for the preparation and processing of a grievance, as specified in the grievance procedure.

3.6. Public Information

The University agrees to make available to the Association and in response to written requests, public information concerning the financial resources of the University, budgetary requirements and allocation, and such other non-privileged information relevant to collective bargaining as will assist the Association in developing intelligent, accurate, informed and constructive proposals on behalf of the faculty members. This information shall be provided at no cost to the Association.

3.7. Consultation and Representation

3.7.1. Board of Trustees Agenda

The University shall provide a copy of the Board of Trustees agenda to the Association at the same time that the agenda is mailed to the Board members.

Nothing contained herein shall prevent authorized Association representatives from consulting with the appropriate University administration.

3.9. Leave for Association Members

The Association shall be granted a total of twelve (12) days per academic year to permit its officers or members to attend official meetings relating to Association business. The President of the Association shall inform the Human Resources Office of intention to attend such meetings, and the Association member(s) who will be attending.

The maximum of twelve (12) days will be allocated among the designees, but in no case shall the total number of absences total more than six (6) days for any one member. The designated Association representative shall recommend to his or her immediate supervisor the person(s) who is (are) available and willing to cover the absentee's normal duties during the absence. This notification shall take place at least five (5) days prior to the absence, and the University's absence request procedures shall be followed.

An electronic copy of the Agreement shall be available to the faculty as soon as reasonably possible following the signing of the Agreement on the Lake Superior State University Human Resources web site.

Notification of electronic access to the Agreement will be provided to each incoming faculty member at the time of the employment offer.

3.13. Union Membership and Dues Deduction

3.13.1. Union Membership

The Parties recognize that under current law, no individual employee within the bargaining unit may be required to join the union, pay union dues or an agency fee. However, if during the term of this Agreement an Agency Shop becomes lawful, the University agrees that it shall be a condition of employment that all faculty members covered by this Agreement become Association members, within sixty (60) days of it becoming lawful to require union membership or sixty (60) days after the commencement of employment, whichever comes later.

- 3.13.1.1. If it becomes lawful to require Union membership, all covered employees must pay the dues and fees required of membership as a condition of employment or cause to be paid to the Association a representation fee, as the exclusive bargaining representative pursuant to Act 390 (MSA), in an amount established by the Association in twenty equal installments. The representation fee is calculated according to the proportion of the MEA/NEA dues directly attributable to negotiating and maintaining the Agreement. The University and the Association recognize that the failure of any faculty member to comply with this provision is cause for discontinuance of the faculty member's appointment.
- 3.13.1.2. Any faculty member may voluntarily sign an authorization for deduction of union dues or agency fees from his/her paycheck and deliver such authorization to the University. Such authorization will continue in effect until it is revoked by the faculty member. Revocation of the dues deduction must be in writing and may be made between August 1 and August 31 of any given year.
- 3.13.1.3. The Association agrees to save the University harmless from any and all costs, including witness costs and fees, attorney fees, back-pay awards, punitive damages, or any other costs of prosecution or defense, or liability resulting from the prosecution or defense of any action or inaction, claimed or otherwise, for which the University may be liable by virtue of the provisions of this section.
- 3.13.1.4. It is specifically agreed that payment for the above-specified reasons shall be made directly from the Association to the party, and at no time shall the University pay out any monies as a result of enforcing the provisions of this section.

3.13.2. Dues Deduction

- 3.13.2.1. The University shall deduct from the pay of each faculty member all current Association dues and fees, provided there is in the possession of the University a written dues deduction form executed by the faculty member. Dues deduction shall remain in effect unless revoked by the faculty member.
- 3.13.2.2. The Association shall indemnify and save the University harmless against any and all claims, demands, suits or other forms of liability that may arise out of or by reason of action taken or not taken by the University or in reliance upon signed authorization cards or lists furnished to the University by the Association for the purpose of payroll deduction of dues.
- 3.13.2.3. The dues shall be deducted at a rate of 1/20 of the total dues and fees commencing with the first payroll of the academic year and continuing thereafter with each pay period, to a maximum of twenty deductions. The University agrees to remit to the Association all monies so deducted, accompanied by a list of members from whom the deductions have been made within ten (10) University days, or as soon as practicable thereafter.

4. MANAGEMENT RIGHTS

The University hereby retains and reserves unto itself, without limitations, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the laws and the Constitution of the State of Michigan and of the United States.

The exercise of the foregoing powers, rights, authority, duties, and responsibilities of the University, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith, shall be limited only by the specific and expressed terms of this Agreement.

5. FACULTY RIGHTS

- 5.1. No tenured faculty member shall be disciplined or discharged without just cause.
- 5.2. A faculty member shall be entitled to have present, a representative of the Association when being formally warned, reprimanded, disciplined or discharged for any reason. Prior to any meeting which Administration can reasonably believe will lead to disciplinary action, the faculty member shall be given 48 hour notification of the agenda, except in cases of gross misconduct.
- 5.3. Pursuant to Michigan Public Act 397, a faculty member, upon written request, may examine his or her personnel file, and may elect to be accompanied by a representative of the Association. Upon written request, a faculty member may purchase a copy of his or her personnel file. Pre-employment credentials and letters of reference are exempt from this examination.
- 5.4. The faculty member shall have the right to submit a written statement regarding any material in the personnel file and that statement shall be included in the personnel file. 7.1.5. Graduate Faculty

“Graduate Faculty” means a faculty member who typically possesses a terminal degree as determined by the discipline and who holds an appointment to the Graduate College. Graduate faculty may hold joint appointments in the undergraduate and graduate faculty. Graduate Faculty appointments may be awarded to faculty members who possess appropriate academic credentials in a field, or closely related field, in which LSSU offers graduate courses or degrees. Graduate Faculty members shall be qualified to teach graduate courses, generally on the basis of possessing the terminal degree in the field of the graduate courses; ability to advise graduate students; and ability to direct and supervise graduate student research. Graduate Faculty appointments reflect the faculty member’s engagement in continuing scholarly activities.

The initial appointment of Graduate Faculty members to the Graduate College is made by the Provost upon the recommendation of the Dean. After its initial appointment, the members of the Graduate College review and advise the Dean regarding new Graduate Faculty appointments from the regular faculty, and new adjunct graduate appointments. Accreditation standards, where appropriate, shall be used as guidelines to define qualifications of Graduate Faculty members. The Dean makes recommendation regarding all appointments to the Provost.

This list shall be maintained by the Dean and shall be made available to school faculty upon request. Before a person is added to this list, the Dean will notify school faculty of the proposed addition, provide evidence of qualification for specified course(s) or task(s), and allow at least one week for comments and a voted recommendation by school faculty. In case of educational necessity a Dean may appoint an adjunct person not on the adjunct list but must follow steps for school faculty comment and discussion as soon as possible after the adjunct has been appointed. The adjunct list will be reviewed annually by the academic unit faculty by March 31st of each year.

7.3.4. After considering the recommendation of the academic unit's faculty, a full-time employee of the University, whose initial appointment to the University was outside the bargaining unit, shall be considered a new appointment if appointed to a bargaining unit position. This appointment is not subject to Section 7.3.1.

7.3.5. After considering the recommendation of the academic unit's faculty, a regular part-time, temporary, or term faculty member may be appointed to a full-time position, for which they are qualified, without application of Section 7.3.1.

- 8.11.6. Faculty Peer Reviewers must perform the duties of a peer review.
- 8.11.7. Evaluations for special assignments and those faculty on more than 50% non-teaching appointments will be performed by the immediate supervisor and will be based upon effectiveness in fulfilling the responsibilities defined by:

 - b) For assignments over 50% non-teaching (i.e. Librarians) – the position description
- 8.12. It is expressly understood that for a tenured faculty member, for years in which no Summative Evaluation has been completed, it is assumed that the faculty member's job performance for those years is satisfactory.

If there is a disagreement between the UACPT's decision and the Provost, the Provost will meet with the UACPT to discuss the matter and provide rationale. If the UACPT is still not satisfied they may, by 2/3 vote, refer the matter to the President.

- 9.2.5. Individuals not recommended for tenure at any point in the process may submit a written response which will be added to the Application File prior to the President's Review.

Promotion must occur within five (5) years of hire, if hired at the beginning of a fall semester, or five and one-half (5.5) years, if hired at the beginning of a spring semester; otherwise the faculty member will be terminated at the end of their probationary period. Any other hire date (mid-semester) will be considered as beginning at the start of the semester in which the initial appointment was made.
- 9.4.1.2. Once promoted, the faculty member will have seven (7) years to apply for tenure.
- 9.4.2. Hired as Assistant or Higher Rank:
- 9.4.2.1. For probationary faculty hired at the beginning of a fall semester, the maximum probationary period before tenure is granted shall be: seven (7) years for a person initially appointed as an assistant professor, six (6) years for a person initially appointed as an associate professor, and five (5) years for a person initially appointed as a professor. For probationary faculty hired at the beginning of a spring semester, the maximum probationary period will be an additional one-half (1/2) year. Any other hire date (mid-semester) will be considered as beginning at the start of the semester in which the initial appointment was made.
- 9.4.3. Failure to apply for tenure consideration or the denial of tenure shall result in discharge from the University at the end of the academic year, refer to Section 9.5.1.
- 9.4.4. Guidelines for Requesting Extensions of the Tenure Probationary Period
- 9.4.4.1. Requests for extensions must be made using the Request for Tenure Extension Form (available through the Provost's office) and are to include the following written information from the faculty member:
- a) Date of initial tenure-track appointment.
 - b) Date by which faculty member must submit intention to apply for tenure, by contract.
 - c) Reason for requesting an extension.
 - d) Date(s) of events relevant to extension request.
 - e) Explanation of how these events impeded progress to tenure and an outline and documentation of work on which progress has been hampered.
 - f) Copy of vita.
 - g) Upon an extension request, the conditions under which the probationary period before the application for tenure will be extended automatically include the following:
 - h) Approved leaves of absence.

- i) Immigration/visa status that does not permit the award for tenure for candidates who have been recommended for tenure.
- j) An extension recommended as an outcome of a hearing and/or appeal conducted pursuant to the Faculty Grievance Policy.
- k) Additionally, extensions of the probationary appointment may be considered for a faculty member related to the following reasons:
 - 1) Childbirth, adoption, or gaining custody of a child
 - 2) The care of an ill and/or disabled child, spouse, documented same sex domestic partner if permitted by law, or parent
 - 3) Personal illness
 - 4) To receive prestigious awards, fellowships and/or special assignment opportunities
 - 5) To provide time to complete unique and specific requirements denoted in the original appointment letter
 - 6) Other constraints outside of the individual's control

9.4.5. Request for Extension Procedure

Requests for an extension to a probationary appointment, regardless of reason, and any supporting documentation, must be submitted to the Tenure Extension Application Committee through the Provost's office by the first Tuesday in February of each year. The Tenure Extension Application Committee may also meet for emergency/extenuating circumstances at any time during the academic year if necessary.

The Provost will forward applications to the Tenure Extension Application Committee. The Tenure Extension Application Committee will consist of:

- a) One (1) Dean appointed by the Provost. This Dean will also chair the committee.
- b) Four (4) tenured faculty members from different colleges.
- c) The initial committee members will be elected after the approval of this document. Subsequent committee members will be elected by the faculty at the first Faculty Association meeting of the fall semester of each year and will serve a two-year term.

The Committee verifies that the candidate has submitted all materials related to the minimum criteria outlined above in 1-6. The Committee then determines if the candidate meets the criteria for an automatic tenure extension. If so, the candidate's application is forwarded to the Provost for her/his approval.

In those cases in which probationary appointment extensions are not automatic, the committee considers evidence bearing on the question of whether the circumstances justify exceptions to the standard procedures governing the tenure system. The committee's role is not to evaluate the personal nature of the issue, but to determine whether, given the circumstances of each case, the proposed decisions are consistent with the general interest of preserving the integrity of the tenure system.

In both cases described above (automatic extension or considered extension), the committee must render its recommendation within one month of the application submission deadline. The applicant must receive a simple majority vote from the committee in order for the recommendation to be forwarded to the Provost.

If an extension to the probationary appointment is approved by the Provost, it is not to exceed one year. A faculty member may have no more than two extensions, whether consecutive or nonconsecutive, during their tenure track probationary period. If moving from Temporary or Term to probationary status, faculty may have up to an additional four (4) years.

If the extension is denied by the Tenure Extension Application Committee or the Provost, the Committee or the Provost will provide the candidate with a written reason.

9.5. Special Conditions Regarding Tenure

- 9.5.1. The University's decision not to grant tenure when the maximum probationary period has elapsed shall result in discharge at the end of the academic year, with reasons furnished in writing. The discharge is not subject to the grievance procedure. A person discharged for failing to receive tenure shall be offered a one-year terminal appointment.
- 9.5.2. No person outside the faculty shall acquire tenure.
- 9.5.3. No faculty member shall be granted tenure with his or her initial appointment.
- 9.5.4. A person who attained tenure while a faculty member shall not lose his or her tenure status because he or she leaves the bargaining unit to continue employment at the University in another position outside of the bargaining unit

10. PROMOTION

10.1. Definitions

10.1.1. “Promotion Committee” means the entire tenured faculty in the school not being considered for promotion. Schools having fewer than three tenured faculty members to serve on the Promotion Committee will select, by consensus, additional Promotion Committee member(s) from the tenured faculty members of their College. If there is a disagreement between the UACPT's decision and the Provost, the Provost will meet with the UACPT to discuss the matter and provide rationale. If the UACPT is still not satisfied they may, by 2/3 vote, refer the matter to the President

- 10.4.5. Individuals not recommended for promotion at any point in the process may submit a written response which will be added to the Application File prior to the President's Review.
- 10.4.6. The President will forward his/her affirmative recommendations to the Board of Trustees for consideration a regularly scheduled meeting after January 1st but no later than April 1st.

11. ACADEMIC CONDITIONS AND WORKLOAD

11.1. Non-Discrimination

The University shall not, in the conduct of its business, discriminate against any individual in violation of Federal or State law.

11.2. Qualifications for Assigned Tasks

The Immediate Supervisor shall determine and document the courses which each Course-Instructor is qualified to teach. Such determination shall be made in documented collaboration with the individual instructor member and the faculty members of the school which houses the course. The listing of Course-Instructors qualified to teach university courses shall be published, and shall include the instructor names, course each are qualified and approved to teach, and other pertinent information including rationale and documentation related to tested experience.

The University shall ensure that all Course-Instructors are appropriately qualified for the courses to which they are assigned. Qualified faculty members are identified by credentials and other factors consistent with the policies and guidelines issued by the Higher Learning Commission. The determination of teaching qualifications will be based upon review of:

- a) The individual's academic transcript(s).
- b) Documentation of the Course-Instructor's professional experience or expertise, including special certifications, licensure, evidence of independent study, scholarly publications, documented research, and/or professional activities.
- c) Other factors consistent with the policies and guidelines issued by the Higher Learning Commission. .

A Course-Instructor's teaching qualifications shall be reviewed by the immediate supervisor at the time of the summative evaluation, and can be reviewed anytime at the request of the individual faculty member. Qualifications may also be reviewed no more frequently than once each academic year by the voted request of the faculty of the school in which the course is housed but no more than once per year.

The Administration and Faculty agree to the importance of a qualified faculty and agree to work collaboratively to assist faculty to achieve qualifications consistent with HLC guidelines. In making teaching assignments, supervisors will consider, in the following order: qualified faculty in the school where the course is housed, qualified faculty outside the school, qualified adjuncts or other qualified employees.

Appeals of qualification determination may be made by submitting written rationale and justification, which may include the results of external consultation, to the Provost within 30 days of the determination of qualifications. The Provost will provide a detailed written response with justification with fifteen (15) university days.

11.3. Teaching Loads

11.3.1. For the purpose of defining teaching loads and supplemental assignments, one contract hour shall be considered as one class hour of lecture at the undergraduate level; one and one-half hours of laboratory instruction at the undergraduate level; or three-fourths of an hour of regularly scheduled classroom instruction at the graduate level. A contract hour can be adjusted as denoted within this Agreement. The contract hour defined above is to be differentiated from the "Student Credit Hour" used in the catalog course descriptions.

11.3.2. A faculty member's total load for either fall or spring semester shall not exceed eighteen (18) contract hours. The workload for the academic year shall not exceed 32 contract hours.

- 11.3.3. All Load Reports must be submitted to the Provost's Office and copies shall be furnished to the faculty member and the Association President by the beginning of the fourth week of each semester.
- 11.3.4. Faculty members may accept, but will not be discriminated against for not accepting, a supplemental assignment which is in addition to regular load during the academic year. Supplemental assignments may be used to allow faculty to reach full regular load for the academic year.
- 11.3.5. Load Reports are considered to be the primary and archival source of information for load report data. Data for calculating Load Reports will be reported on the Load Reports, and faculty will sign Load Reports affirming their satisfaction regarding accuracy. The Load Reports must be returned to the University within ten (10) University days. If the Load Report is incorrect the Faculty Member will note the discrepancy on the Load Report before returning the document. After the Load Report has been corrected by the University the Faculty member will have ten (10) University days from the return of the Load Report to sign and return to the University. The signature on a Load Report constitutes an agreement between the faculty member and the University.
- 11.3.6. Preliminary load reports including release time assignments will be provided to faculty by the end of the 10th week of the preceding semester of the academic year. All preliminary load reports and release time assignments are subject to change.
- 11.3.7. Non-teaching faculty members' workloads shall be 40 clock hours per week. Any librarian who is assigned to teach any class shall have his or her workload reduced accordingly.
- 11.3.8. The University may appoint librarians for an academic year or longer than an academic year, up to a full calendar year, however, such periods in excess of the academic year must be contiguous to the academic year unless otherwise agreed to by the faculty member.
- 11.3.9. Faculty assignments shall not exceed five days per week, without the consent of the faculty member. A faculty member shall not be assigned both Saturday and Sunday without his or her consent.
 - 11.3.9.1. Faculty members shall discharge their professional responsibilities, such as holding office hours, during the time instruction occurs at the University. Within this framework, faculty members have freedom to schedule these responsibilities.
 - 11.3.9.2. There shall be no fixed number of days a faculty member shall be required to report to campus.
- 11.3.10. Faculty teaching loads shall not exceed four (4) separate lecture preparations for any one semester without the consent of the faculty member involved. Each separate laboratory shall count as one-half lecture preparation; each separate recreation activity course shall count as one-third lecture preparation.
- 11.3.11. Each faculty member shall schedule, with the approval of their Dean, a minimum of five office hours per week during weeks in which instruction occurs at the University. With permission of the Dean, one of the hours may be virtual. A faculty member shall not be required to schedule office hours more than two hours prior to or following an assigned class. Regular part-time faculty members shall have pro-rated office hour requirements.
- 11.3.12. Both parties recognize that the teaching load does not constitute the full work load for professional faculty. Preparing for classes and labs; maintaining office hours; advising students; choosing textbooks for courses; the timely submission of mid-term and final grades; maintaining programmatic accreditation; selecting library acquisitions; advising student organizations; attending convocation, attending commencement, University-wide faculty development sessions, and department and school meetings; serving on department school and

University committees; correcting work of students; assessing student learning outcomes, participating in program reviews, and engaging in research and other scholarly activities for example, are recognized as part of the professional responsibilities of the faculty member. Participation on all committees required by this Agreement (e.g. promotion, tenure, curriculum, sabbatical, search, etc.) and peer evaluation constitutes an essential component of a faculty member's professional responsibilities.

11.3.13. Continuing scholarly activity is required of regular graduate faculty members.

11.3.14. Practicum/Internship Formula

11.3.14.1. The number of contract hours a faculty member will receive for teaching a course identified in the University catalog as a practicum or internship course will be determined by the following formula:

$$\frac{(\textit{placement time} + \textit{evaluation time}) * (\textit{number of students}) + (\textit{class time})}{44} = \textit{contract hours}$$

Preparation/Placement time is defined as the number of hours required to place each student enrolled in the course.

Evaluation time is defined as the number of hours required by the faculty member to evaluate each student in the course.

Class time is defined as the total number of hours the class meets for lecture during the semester, plus course preparation time.

Preparation/Placement time, evaluation time, and class time will be determined for the course, not for the Course-Instructor assigned the course. The total number of hours it will take to instruct a course may vary directly with the number of students enrolled in the course and by the number of credit hours for which each student is enrolled. The immediate supervisor in consultation with faculty members qualified to teach the course will determine the amount of evaluation time, preparation/placement time, and class time required to instruct a course. If faculty members assigned to instruct the course are not satisfied with the decision, they may request a meeting with the Dean and, if desired, the Provost and/or Association members to review the decision. After review of all evidence presented by the affected faculty member and/or the Faculty Association, the Provost will provide a final decision. Each semester any practicum or internship assigned to a faculty member will count as one-half lecture preparation for purposes of Section 11.3.14. of this Agreement. Practicum or internship courses offered for variable credit and bearing the same course number and name, are considered one-half lecture preparation. Example: A course may be offered for four, six, eight, or twelve credits; some students may be enrolled for four, six, eight, or twelve credits, but the course would be considered the equivalent of only one-half lecture preparation.

11.3.14.2. Contract hour workloads for practicum or internship courses which are revised or developed and approved shall be determined using the procedures outlined above.

11.3.14.3. If a faculty member, after teaching a practicum or internship, feels that he/she is not able to conscientiously teach the course within the workload parameters established, he/she may remove the course from the list of courses (described in 11.2. of the Agreement) which he/she is to teach for the next academic year. Such removal may

result in less than a full load, with corresponding change from full-time status.

11.3.15. Class Sizes and Schedules

11.3.15.1. The Dean of each school, after an exchange of facts and/or opinions with his or her faculty, shall determine the need for student assistants for faculty members whose teaching loads exceed 600 student credit hours per semester, or whose courses would benefit from student assistants. The immediate supervisor shall submit his or her findings to the Provost, with specific requests for assignment of appropriate numbers of student assistants. For those courses where the provision for student assistants has been recommended, but student assistants have not been provided, the Provost shall notify, in writing, the immediate supervisor and faculty member of the reasons. Student assistants shall not assume primary instructional activities and responsibilities.

11.3.15.2. Both the faculty and the University recognize that decisions about class size have consequences for the quality and cost of education. The immediate supervisor, in agreement with the faculty member involved, shall set the maximum and minimum number of students in his/her courses taught in the department or school.

11.3.15.3. In the event of a disagreement between the immediate supervisor and the faculty member in Section 11.3.15.2., the maximum or minimum number of students in the courses involved shall be established by the Provost.

11.3.15.4. Nothing in this Agreement shall require a workload adjustment when a faculty member wants to divide an assigned class into more than one section.

11.3.16. Without the written permission of the faculty member, an immediate supervisor shall not assign classes that exceed a nine-hour span on a given day. Supplemental assignments are exempt from this restriction unless the supplemental course is assigned as described in Section 11.3.2.

11.3.17. If the student credit hour (SCH) generation of adjunct and/or term appointments, for an academic year, as reported on load report, accounts for forty (40) percent or more of the school's instruction, [with the exception of University Seminar (USEM) and Student Service (SERV) prefaced classes] the University shall create a new faculty position for the next academic year.

11.4. University Calendar

11.4.1. Annual academic calendars shall be ratified by the University and the Faculty Association's Executive Council.

11.4.2. The regular academic year shall consist of two semesters, one week for fall assemblies and activities, and two days following each semester for grading, assessment, and department/school meetings. Each semester shall have at least 70 scheduled instructional days, followed by five days for final examinations. A regular scheduled hour of instruction is 50 minutes. Each examination shall be scheduled for 120 minutes with 30 minutes between each examination. The Fall Semester shall end before Christmas Day. Classes for the Spring Semester shall begin after New Year's Day. The Spring Semester shall have a week-long break. Graduation shall be scheduled following the Spring Semester's final examination period. Fall and Spring semester grades shall not be due before 5pm on the Tuesday following the end of the semester.

11.4.3. To preserve the flexibility needed in the scheduling of summer classes, the Association waives, for the duration of this Agreement, negotiation of summer calendars provided the hours of instruction are comparable to those scheduled during the regular academic year.

11.4.4. Each graduate hour will meet for fourteen (14) hours of instruction plus the final exam period.

11.5. Working Conditions

The University shall provide to faculty members without charge:

- a) If available, a private office for each faculty member, with the usual computer and furniture: including desk, chairs, bookcases, and filing cabinets.
- b) A telephone, with a private line, and email access for each faculty member.
- c) Keys to their offices, and other rooms and buildings connected with their work.

- h) A maximum of two parking permits for faculty members.
- i) Semester library loan and reserve privileges.
- j) Audio visual equipment such as overhead, slide, and movie projectors, DVD and Blue Ray players, etc.; and the staff to deliver and set up such equipment.
- k) Any physical examinations required by the University, or by law, in connection with a faculty member's professional obligations.
- l) All identification cards the University wants the faculty members to obtain.
- m) For the distribution of all payroll and personal information and in a confidential manner.
- n) Access to a private room for counseling students, by reserving the room through the immediate supervisor.
- o) Canadian nursing registration fees for Michigan nursing faculty, and chauffeur license fees, if required of faculty in the performance of their professional duties.
- p) A faculty lounge. Members of the faculty and staff are welcome to use the Anchor Room of the Cislser Center at any time that this room has not been reserved by another group during the regular hours of operation of the Center. Further, the University agrees to make the Anchor Room available for reserved use by the faculty once each week during the academic year, subject to completion of advance arrangements for reservation of the room by the Faculty Association. Reservation shall be made no more than two weeks prior to the date of the proposed use. If the Anchor Room has been previously reserved by another group, the University will seek to provide an alternative room in the Cislser Center. Furnishing of additional facilities or services, in conjunction with the use of the Anchor Room or the alternative, shall be the responsibility of the faculty and/or the Association.

11.6. Workload Adjustments for Special Assignments

- 11.6.1. Faculty members who consent to serve as coordinators of a program or to the development and/or implementation of a new program or to undertake extra non-teaching academic responsibilities (such as directing student research, conducting departmental, school or University research, writing grant proposals, assisting in special recruitment activities for prospective students, etc.), may be given extra compensation and/or release time for such additional responsibilities. Both extra compensation and release time will be converted into contract hours as specified in Section 11.6.4.1.; however, compensation for scholarly activity (such as basic or applied research, or consulting) conducted through the University and financed with extramural funds, shall not be limited by application of the formula specified in Section

11.6.1.1. A faculty member with an academic year average of 50-75 assigned advisees will be awarded a non-teaching supplemental assignment of 0.50 contract hours. A faculty member with an academic year average of more than 75 advisees will be awarded a non-teaching supplemental assignment of 1.00 contract hours. Banner™ reporting on the census date will be the source of data for the number of advisees. The resulting extra advising load will be treated as a non-teaching, non-load-bearing supplemental assignment, as defined by Section 7.1.7, and not be advertised. Compensation will be included in the first pay period of February.

11.6.2. School chairs shall receive three (3) hours of release time per semester (fall and spring).

11.6.3. The amount of extra compensation and/or release time shall require mutual consent of the faculty member and immediate supervisor subject to the approval of the Provost, and shall be based on the scope of responsibilities which are beyond those normally expected of a faculty member.

11.6.4. Each special assignment, per Section 11.6.1., offered to a faculty member, shall be described by a detailed list of duties and responsibilities, special starting and ending dates of the assignment, amount of extra compensation and/or release time associated with the assignment and rationale for this amount in terms of average hours per week of the special assignment. The special assignment description shall require consent of the faculty member and a copy shall be provided to the Faculty Association President within ten (10) University days of the starting date of the assignment.

11.6.4.1. Methods for determining contract hour value of work associated with a special assignment are as follows:

- a) An average of three (3) hours per week shall be equal to one contract hour;
- b) Faculty members, who are specifically assigned the responsibility for organizing and coordinating multiple (three or more) lab sections associated with a single course, will be credited with one (1) contract hour in addition to their compensation for teaching one or more of the laboratory sections. (A special assignment description for coordination of laboratory sections of a course need only be approved and disseminated, per Sections 11.6.3. and 11.6.4., one time, unless duties are substantially changed.)

11.7. Off-Campus Teaching Assignments

11.7.1. Regional Center Teaching

When part of a faculty member's regular load is assigned away from their home campus, the number of contract hours credited to the faculty member shall equal 1.25 times the number of contract hours credited for the course taught on their home campus as well as reimbursement for all travel related expenses per University policy.

When taught as a voluntary supplemental assignment, the course will receive the normal load, and the faculty member must accept responsibility for all travel expenses.

The University shall provide office space at Regional Centers for faculty use in preparation of classes and advisement of students. For faculty members teaching at Regional Centers a portion of office hours required in Section 11.3.11. may be scheduled at the Regional Center.

11.7.2. Affiliated Academic Institutions

If the University intends to have a portion of a faculty member's work assignment on and/or off campus for affiliated academic institutions such as secondary schools, community colleges, universities, or other educational facilities, the University agrees

to meet with the Association under Section 3.7.2. to discuss conditions of employment before the assignment is made.

11.7.3. Distance Education

Distance education courses are those credit bearing courses delivered to and taken by students who are not co-located with the faculty member(s) who are responsible for the course. Initial and on-going training in using technology shall be made available to faculty members who will be teaching via distance education. Distance education courses will be developed, approved and assessed within the same framework as traditional class based courses.

In recognition of the additional work required to develop and first teach a distance education course, a faculty member shall be credited with one (1) contract hour in addition to the course load. The University shall retain all rights to the developed distance education course and associated content.

11.8. Team Teaching

When a course or laboratory is taught by more than one faculty member, the Dean of the College in which the course is taught, in consultation with those faculty involved, shall determine the percentage of the course for which each faculty member shall be responsible to deliver. For the purposes of Section 11.3. of the Agreement, the number of contract hours and lecture preparations assigned to each faculty member shall be prorated by their respective percentage.

Example: if a faculty member teaches 30% of a 3-credit non-prorated course, his/her load report would show $(0.30 \times 3 \text{ cr}) = 0.90$ contract hours in load and $(0.30 \times 1 \text{ prep.}) = 0.30$ preparations.

11.9. Independent/Directed Study

For the purpose of Section 11.3. of the Agreement, the number of contract hours and lecture preparations a faculty member will receive for teaching a course identified in the University Catalog as independent or directed study (Independent/directed study defined as an individual student learning experience that does not fall within the definition of a lecture class, laboratory, or internship/practicum) which has 10 or fewer students enrolled at the end of the Add Period, shall be determined as follows:

$$\text{Contract hours} = (\text{Credit Hours} \times \text{Enrollment})/10$$

$$\text{Preparations} = (\text{Enrollment}/10)$$

Example: if 4 students enrolled in a 2 credit hour section of the course NURS 490, Independent Study in Nursing (1-4-0) 1-4, the Course-Instructor would be credited with 0.8 contract hours toward his/her load and compensation, and 0.4 lecture preparation. Note: No more than 4 credits of a faculty member's 12-credit load can be comprised of prorated independent study credits.

11.10. Instruction using Video Recordings

Subject to the accommodations of Section 11.7.3. of the Agreement with regards to Distance Education no adjustments to load calculating will be provided for video recording of instruction.

In the event video records are subsequently used for instruction in other settings or classes, faculty will be credited with a factor of 0.10 times the number of contract hours credited for the course.

If faculty additionally interact with and evaluate students in such subsequent courses, contract hours will be further calculated as $(\text{hours of interaction}/\text{student} - 5 + \text{hours of evaluation}/\text{student} \times \text{number of students})/44$.

Example: a 3-credit business class is taped on-campus in Fall of 2000 and is subsequently offered via tape delay in Spring 2001 at a regional center with a class of 12 students. Contract hours for students viewing the video recordings would be $0.10 \times 3 = 0.30$ contract hours.

If 6 hours of interaction with and 2 hours of evaluation of students is required, additional contract hours would be calculated as: $\{(6-5+2) \times 12\} / 44 = 36 / 44 = 0.81$ contract hours. Total contract hours for this example, therefore, are $0.30 + 0.81 = 1.11$ contract hours.

11.11. Intellectual Property Rights

For information regarding Intellectual Property Rights, see Appendix A.

12. GRIEVANCE PROCEDURE

12.1. Grievance

If a faculty member has a complaint which he or she wishes to present to the administration, he or she is free to do so informally without recourse to the formal grievance procedure; however, no complaint shall be adjusted contrary to this Agreement.

A grievance shall be defined as an alleged violation of the express terms and conditions of this Agreement.

12.2. Steps in the Grievance Procedure

The steps in the grievance procedure are as follows:

12.2.1. First Step: Immediate Supervisor

A faculty member who has a grievance concerning his or her employment should promptly, and in no event later than fifteen (15) University days after the grievance may reasonably be known to exist, inform his or her immediate supervisor, in writing, and then meet with the appropriate supervisor to discuss the grievance. On grievances related to payroll items, the grievance must be presented within thirty (30) University days after the payday concerned. The immediate supervisor shall then set a place and time within the next two (2) University days, for an oral presentation of the grievance. If the aggrieved faculty member wishes, the appropriate Faculty Association representative may assist the faculty member in the oral presentation. During the oral presentation, the grievant will present the First Step paperwork (Appendix F) documenting the alleged violation of the Agreement.

If the aggrieved faculty member does not receive a satisfactory resolution of the grievance within two (2) University days after the oral presentation, the grievance may be submitted to the Provost for a written decision (Second Step), provided the submission is made within five (5) University days.

12.2.2. Second Step: Provost Review

Upon receipt of the written grievance, the Provost shall set, within five (5) University days, a place and time for a second-step grievance hearing. Such hearing shall be scheduled to occur within ten (10) University days of receipt of the written grievance. The aggrieved faculty member may have the assistance of Faculty Association representatives at the hearing. The Provost will provide a written decision within twenty (20) University days. Whether or not Faculty Association representatives assist at the grievance hearing, the Faculty Association shall receive a copy of the written decision.

If the aggrieved faculty member is not satisfied with the resolution of the grievance, the faculty member may, within ten (10) University days after the written decision is received, submit the grievance to Human Resources for the Third Step.

12.2.3. Third Step: Review Conference

The Review Conference will be scheduled for the purpose of restating the Faculty Association's and the University's positions and working toward a mutually acceptable solution of the grievance. Such conference shall be scheduled to occur within ten (10) University days following receipt of Notification from the faculty member. Faculty Association participants in this conference shall be limited to the aggrieved faculty member, a Faculty Association representative, and a representative of the MEA-NEA. University participants in this conference shall include at least one University person

other than the University representative who answered the grievance at a previous step.

If the aggrieved faculty member is not satisfied with the resolution of the grievance, the faculty member may, within ten (10) University days after the written decision is received, submit the grievance to the Chair of the Internal Grievance Review Board for the Fourth Step, Internal Grievance Review Board.

12.2.4. Fourth Step: Arbitration

12.2.4.1. If after the Third Step of the grievance procedure, the grievance is still unsettled, and if it involves a controversy concerning compliance with the express terms of this Agreement, the Faculty Association may, within ten (10) University days after receipt of the written answer from the Fourth Step, request arbitration by giving notice, in writing, to the Human Resources Office. If no such notice is given within ten (10) University days, the grievance shall be deemed settled and not subject to arbitration.

12.2.4.2. The arbitration proceeding shall be conducted by an arbitrator to be selected by the University and the Faculty Association within ten (10) University days after notice has been given. If the parties fail to select an arbitrator, the American Arbitration Association shall be requested by either or both parties to provide a panel of five arbitrators. Both the University and the Association shall have the right to strike two names from the panel. The University shall strike the first name; the Association shall then strike one name. The process will be repeated and the remaining person shall be the arbitrator.

12.2.4.3. The jurisdictional authority of the arbitrator is defined and limited to the determination of any grievance which involves a controversy concerning compliance with any provision of this Agreement and is submitted to the arbitrator consistent with the provisions of this Agreement.

12.2.4.4. In making his or her decision, the arbitrator cannot modify, detract from, or alter the provisions of the contract, and shall be bound by the principles of law relating to the interpretation of contracts followed by the Michigan courts. The arbitrator is specifically prohibited by this Agreement from hearing any grievance involving the discharge of probationary and temporary faculty members or hearing any grievance concerning the decision not to reappoint, retain a faculty member on a supplemental assignment, or the School Promotion Committee decision to promote or not to promote.

12.2.4.5. The decision of the arbitrator shall be final and binding on the parties, and the arbitrator shall be requested to issue his or her reasoned decision within thirty (30) days after the conclusion of testimony and argument.

12.2.4.6. Expenses for the arbitrator's services and the proceedings shall be borne equally by the University and the Association. However, a reasonable number of faculty members who are called to testify during an arbitration hearing during their assigned working hours shall do so without loss of time or pay. In the event that either party desires a transcript, the cost shall be borne by the party making the request.

12.2.4.7. Expedited arbitration may be utilized by mutual agreement of both parties.

12.2.5. Time Limits for Grievances

If a time limit is not observed by the aggrieved faculty member, the grievance shall be considered void, except that at any step of the grievance procedure, the aggrieved faculty member and the University's representative, at that step of the grievance procedure may extend the time limit by mutual agreement in writing. If the University fails to respond to a grievance at any step of the grievance procedure within the

specified time limits, the grievance shall automatically advance to the next step of the grievance procedure.

12.2.6. Miscellaneous Provisions Concerning Grievances

- 12.2.6.1. The Association shall have the right to initiate a grievance on behalf of a faculty member or consolidate the same grievance involving more than one faculty member. A consolidated grievance involving faculty members from more than one department or school may be initiated at the second step.
- 12.2.6.2. Any grievance initiated under this Agreement shall be processed in accordance with this grievance procedure until resolution, notwithstanding the expiration of this Agreement.
- 12.2.6.3. No reprisals of any kind shall be taken against faculty members for participating in a grievance.
- 12.2.6.4. The grievance form and attached documents arising from a grievance, except for the decision constituting final disposition, shall be kept separate from the personnel files of participants.
- 12.2.6.5. If any faculty member for whom a grievance is sustained shall be found to have been unjustly discharged he or she shall be reinstated with full compensation and advantages. If any faculty member has been improperly deprived of compensation or advantages, the advantages or compensation shall be restored and/or its equivalent in money shall be paid to him/her and his/her record cleansed of any reference to this action; however, nothing in this paragraph shall prevent the arbitrator from exercising his/her judgment in an award.

13. LAYOFF AND RECALL OF FACULTY MEMBERS

- 13.1. Whenever it is necessary to decrease the size of the faculty because of proven exigencies, the Board of Trustees, upon recommendation of the President of the University, may cause faculty to be placed on layoff. The faculty member(s) involved will receive notification of layoff by December 15th of the year preceding the layoff, if possible.
- 13.2. Non-renewal of a probationary faculty member shall not be considered a layoff under this section.
- 13.3. The following shall be considered in the lay-off of a faculty member: length of service in the University and academic qualifications pursuant to Section 11.2. If faculty members have equal length of service, then the faculty member with the greater seniority shall be retained. If faculty members have equal seniority, then the faculty member with the superior qualifications, as determined by 11.2, shall be retained. Faculty members with temporary or term appointments will be laid-off before any other faculty members provided there is a probationary or tenured faculty member qualified and available to perform the duties of the position being held by the faculty member on a temporary or term appointment.
- 13.4. Non-bargaining unit personnel at the University shall not perform bargaining unit work if qualified faculty members who are on layoff accept the work offered.
- 13.5. For purposes of layoff when a proven exigency exists and faculty have been laid off in a specific school, that immediate supervisor may assign one additional preparation to faculty members.
- 13.6. A faculty member placed on layoff is eligible for recall for a same or similar position and location for a period not to exceed three (3) years unless declining a recall offer before that time. Decline of recall to same or similar position and location means resignation of the position.
- 13.7. A faculty member placed on layoff will be reinstated if the faculty member accepts the offer of reinstatement within fourteen (14) calendar days after the offer of reemployment is sent by certified mail to the faculty member's last known address. It shall be the faculty member's responsibility to ensure that the University's Human Resources office records reflect the faculty member's current address.
- 13.8. In the event a recall offer is accepted, such reemployment shall not result in a loss of status or credit for previous years of service, and the faculty member, upon commencement of active employment, shall receive all previous benefits and status as held on the date of layoff.

14. CURRICULUM DEVELOPMENT

14.1. Curriculum Committee and General Education Committee

14.1.1. The Curriculum Committee and the General Education Committee shall each be composed of faculty, one elected from each School (Librarians will be considered part of the School of Education); two students, chosen by Student Government; the Provost; and two Deans appointed by the Provost. The Registrar and Associate Provost shall serve as ex-officio members of the committees.

14.1.2. The faculty representatives of the Curriculum and General Education Committees shall be elected by the faculty in each unit by March 1st, with terms to begin the following fall semester. The Chairs, under direction from their immediate supervisor, will conduct the elections. In units without a Chair, the immediate supervisor will conduct the election. Faculty representatives shall serve staggered two-year terms for the Curriculum Committee and staggered three-year terms for the General Education Committee.

14.1.3. The Curriculum and General Education Committees will adopt Bylaws to guide committee protocol. The Bylaws do not replace any current contract language.

14.1.4. The Provost shall serve as chair of the Curriculum Committee. The chair of the General Education Committee shall be elected by the General Education Committee members.

14.2. Curriculum Committee Procedures

14.2.1. All Curriculum Committee proposals shall originate within the appropriate department or school with the participation of affected departments and faculty members. All proposals must be approved by a majority vote of the faculty in the submitting School and be approved by the Dean overseeing the School before being forwarded to the Curriculum Committee. Exceptions to this process may occur if:

- a) The course or curriculum under consideration is new to the University and, therefore, not appropriately within the jurisdiction of an existing school, or
- b) The University is submitting a proposal for the deletion of a program in which case the University must solicit input from the affected School(s), for their recommendations, or
- c) The course or program is under direct supervision of the Provost's Office.

In these instances, the Provost will submit proposals on behalf of the University.

14.2.2. A course or program proposal, revision, or modification may be proposed by any faculty member on the appropriate form furnished to the schools, provided the faculty member resides in the school in which the course or program exists. Such a proposal, revision, or modification shall be prepared and circulated among the faculty members within the school. The school Dean shall receive a copy. The proposal shall be discussed by the faculty at a school meeting and a recorded vote taken on adoption of the proposal.

14.2.3. If approved, the proposal shall then be submitted to the Dean for his or her approval; if he or she concurs with the school's recommendation, the proposal shall be forwarded to the Curriculum Committee.

14.2.4. The Provost shall call the first meeting of the Curriculum Committee before the end of the second week of September. The Curriculum Committee meetings shall be open.

14.2.5. The Curriculum Committee shall establish and publish a regular schedule of meetings. The agenda shall be distributed to all Chairs and Deans 48 hours prior to the meeting. The Curriculum

Committee shall, in cooperation with the University, establish the procedures and forms for submission of curricular-related proposals.

- 14.2.6. In the curriculum approval process, courses approved by the academic schools for inclusion in the general education curriculum, and approved by the Curriculum Committee, will be forwarded for approval to the General Education Committee.
- 14.2.7. Changes in procedures shall be distributed to Deans and Chairs within 30 University days after the first meeting of the Curriculum Committee.
- 14.2.8. Where there is a difference of opinion between the administration and a school or the Curriculum Committee concerning curriculum, the matter may be appealed to the Board of Trustees.
- 14.2.9. Prior to the Board of Trustees meeting, a written report of the dissenting opinion shall be included with the agenda. A spokesperson for the dissenting position will be allowed to actively participate in the discussion when the appeal is considered by the Board of Trustees.

14.3. General Education Committee Procedures

- 14.3.1. The General Education Committee promotes and initiates curriculum development and instructional innovation in general education and determines whether courses proposed achieve the outcomes of general education.
- 14.3.2. All general education proposals shall originate within the appropriate department or school. All proposals must be approved by a majority vote of the faculty in the submitting School and be approved by the Dean overseeing the School before being forwarded to the General Education Committee. Exceptions to this process may occur if:
 - a) The course is offered as study abroad, summer, transfer credit, or special topics
 - b) The course or curriculum under consideration is new to the University and, therefore, not appropriately within the jurisdiction of an existing school, or
 - c) The University is submitting a proposal for the deletion of a program in which case the University must solicit input from the affected School for their recommendations, or
 - d) The course or program is under direct supervision of the Provost's Office

In these instances, the Provost will submit proposals on behalf of the University.

- 14.3.3. Proposals should be submitted by any faculty member on the appropriate form furnished to the schools. Such proposals shall be prepared and circulated among the faculty members within the school. The school Dean shall receive a copy. The proposal shall be discussed by the faculty at a school meeting and a recorded vote taken on adoption of the proposal.
- 14.3.4. If approved, the proposal shall then be submitted to the Dean for his or her approval; if he or she concurs with the school's recommendation, the proposal shall be forwarded to the General Education Committee.
- 14.3.5. The Provost shall call the first meeting of the General Education Committee before the end of the second week of September. The General Education Committee meetings shall be open.
- 14.3.6. The General Education Committee shall establish and publish a regular schedule of meetings. The agenda shall be distributed to all chairs and Deans 48 hours prior to the meeting. The General Education Committee shall, in cooperation with the University, establish the procedures and forms for submission of curricular-related proposals.
- 14.3.7. Changes in procedures shall be distributed to Deans and Chairs within 30 University days after the first meeting of the General Education Committee.

15. LEAVES OF ABSENCE AND PROFESSIONAL DEVELOPMENT

15.1. Leaves of Absence without Pay

A policy permitting leaves of absence without pay may under certain circumstances be beneficial to both the individual and the University. Examples of reasons for such leaves are professional development, political activities, extended military service, and extended child birth leave. These examples are not intended to encompass all the possible reasons for a leave of absence without pay. However, such leave shall not exceed one (1) calendar year.

15.1.1. Application

The faculty member shall make his or her request for leave without pay to his or her immediate supervisor, stating the reason for the leave, the period of absence, and the expected date of return. When possible, this application should be made by January 15th of the academic year preceding the academic year in which the leave is to occur.

15.1.2. Approval

The immediate supervisor shall make his or her recommendation to approve or deny the request for leave without pay to the Provost. If the Provost overrules the recommendation of the immediate supervisor, he or she shall make his or her reasons known in writing to the immediate supervisor and the faculty member. The leave of absence request may be withdrawn in writing by the applicant, without prejudice, if done before a replacement has been appointed.

15.1.3. Length of Leave

The period of the leave shall not exceed twelve months. The beginning and ending dates of a leave will normally coincide with the beginning and ending dates of academic semesters. Leaves of absence without pay may be extended upon approval by the immediate supervisor, the Provost, President, and the Board of Trustees.

15.1.4. If, in the event of extenuating circumstances beyond his or her control, a faculty member on leave wishes to return to the University before the expiration date of the leave, he or she must submit a written request to his or her immediate supervisor. In such cases, the University shall make reasonable efforts to return the faculty member to the payroll.

15.1.5. Upon expiration of the leave of absence without pay, the faculty member shall be reinstated in his or her former position with at least his or her former rank and at least the salary he/she would have received had the leave not been taken.

15.1.6. Deduction for Leave of Absence without Pay

Deductions for approved days of absence without pay shall be calculated for faculty members on academic year appointments on the uniform basis of one-hundred-seventy (170) working days = one-thousand-three-hundred-sixty (1,360) working hours, eight (8) hours per day.

The number of work days (170) indicated is for the purpose of convenience in payroll accounting only.

The deduction for leave of absence without pay shall be made on a half-day basis, with one-half days' pay deducted when a faculty member misses part of his/her professional obligation, and deduction of a full day's pay when the entire professional obligation is missed.

For leave of absence without pay of more than one day's duration, intervening days shall be counted as full work days if classes are in session, including the final examination period, even when the faculty member has no professional obligations scheduled for that particular day.

15.2. Leaves of Absence with Pay

15.2.1. Vacations

Full-time faculty members whose annual appointments are for more than an academic year accrue sixteen (16) hours of vacation per month. Unused vacation time shall not be accumulated beyond 36 days or 288 hours. Faculty members on academic-year appointment do not accrue vacation, but have the normal days off associated with the academic calendar.

15.2.2. Sick Leave

15.2.2.1. Absences Chargeable to Sick Leave

Absences chargeable to sick leave are those due to personal illness, injury or other disability of the faculty member, including pregnancy and childbirth; and time needed for appointments with doctors, dentists, or other health-care practitioners.

Absences required by the confining illness or injury to members of the immediate family, who in this instance shall include the following: spouse, documented same sex domestic partner if permitted by law, children, parents, or parents-in-law; absences to be limited to five (5) days per incident.

Absences required by the illness or injury to other members of the immediate or extended family, who in this instance shall include dependents, grandparents, grandchildren, brothers and sisters; absences to be limited to four (4) days per incident.

Daily sick leave will be charged in half-day increments, with a half-day being defined as 8:00 a.m. to 12:30 p.m., 12:00 p.m. to 5:30 p.m., or 5:00 p.m. to 10:00 p.m.; not to exceed one (1) day.

15.2.2.2. Accrual of Sick Leave

Full-time faculty members on annual appointment accrue four (4) hours per pay period. Full-time faculty members on academic year appointment accrue 80 hours during any twelve (12) month period. Regular part-time faculty members shall accrue hours on a prorated basis.

Faculty members accrue sick leave during any paid absence. Faculty members returning from any leave of absence without pay shall have previously unused sick leave accumulation credited to their sick leave account.

Maximum accrual is 1200 hours.

15.2.2.3. Donation of Sick Leave

The Association may request individual faculty members to donate accrued sick leave days to provide a faculty member with additional sick days when he or she has exhausted his or her accumulated sick leave. This donated accrued sick leave can be utilized to bridge towards long-term disability benefits or other approved extended leave. Faculty members who use this

donated sick leave are limited to a maximum of 120 work days, combined donated and own, for any one health problem. Sick leave donations may be made only by actively at work faculty members and not in conjunction with retirement or termination.

15.2.3. Funeral Leave

- a) If a death occurs among the members of an employee's immediate family or household, the employee shall be granted up to five (5) days leave with pay. The immediate family is defined as spouse, children or stepchildren, brother, sister, parent, step-parent or foster parent, grandparents or grandchildren, of either employee or spouse, or a person having lived in the employee's household for one calendar year or more before death.
- b) If a death occurs among other relatives of an employee, the employee shall be granted up to three (3) days leave with pay chargeable to sick leave, if required.
- c) Additional leave may be granted in special cases, subject to approval of the immediate supervisor. Such additional leave is to be charged to personal days, accrued vacation, sick leave [maximum one (1) day], or taken as leave without pay.
- d) Permission may be granted to a reasonable number of employees in a unit who want to attend the funeral or serve as pallbearers of a fellow employee or former employee without loss of pay.

15.2.4. Coverage of Sick Leave and Funeral Leave

While it is the responsibility of faculty members to meet all of their professional duties, if it becomes necessary to use sick leave or funeral leave, it is the appropriate immediate supervisor's responsibility, upon notification, to arrange to cover a faculty member's duties and to provide whatever further notification the University may require.

15.2.5. Jury Duty and Witness Service

Faculty members who lose time from work during their normal schedule of work because of jury duty or to testify pursuant to a subpoena shall be paid for such time lost at their hourly rate. Jury duty and witness fees, excluding any travel allowance paid by the court, shall be offset against such pay. Faculty members shall furnish the Office of Employee Relations a written statement from the court showing the days and time of jury duty or witness service and the amount of jury duty or witness fees they were eligible to receive for each day. A faculty member temporarily excused from attendance at court shall report for his or her regular responsibilities at the University during the excused period. Faculty members are not in travel status while on leave for jury duty or witness service. Therefore, they may not use a state car and are not eligible for travel reimbursement from the University. If a faculty member's absence would impair the operations of the Library, or the school, the immediate supervisor may petition the court to excuse the faculty member from jury duty.

15.2.6. Temporary, Emergency and Regular Military Leave

The Association agrees that for the duration of this Agreement, the Association waives without reservation or qualification the right to negotiate any condition of employment regarding temporary, emergency or regular military leaves. Policies adopted by the University shall govern all military leave.

15.2.7. Personal Leave Days

Faculty members with academic year appointments shall be granted up to four (4) personal leave days per academic year, which may be used during either the academic year or the summer session. Approval of the Dean will be based on satisfactory coverage of professional responsibilities. Personal leave days are noncumulative.

When administration and/or faculty engage in meetings where confidential information is discussed (tenure, promotion, search committees, student records, scholastic standards, etc.) both parties agree that members will take the necessary precautions to ensure the confidentiality of the material discussed and presented.

When voting on tenure, promotion, and sabbatical, a majority of those physically present is necessary for a successful motion. Abstentions are “no” votes. Therefore, administration and faculty agree to work toward non-onerous assessment practices separate from evaluation. The content of the assessment will not be used in faculty evaluations; however the practice of assessment and the validity of the assessment process may be used in evaluating the performance of a faculty member.

Both parties acknowledge that the University’s accrediting agency, The Higher Learning Commission of the North Central Association (HLC), requires periodic program review. Therefore the parties agree to collaboratively develop and implement procedures for such processes that meet the HLC requirements and ensure continuous improvement of student learning outcomes.

Appendix A: Intellectual Property Policy Schematic

This chart provides an overview of ownership rights associated with typical faculty duties and professional development activities. It is not all inclusive. Generally speaking, if significant University resources were utilized in the development of the intellectual property, then the University may have a claim to that property. The University will retain copyright to materials produced as “work made for hire.” Notwithstanding that faculty are employees, the University expressly waives its right to copyright instructional materials (such as an instructional text, handouts, lab exercises, a test or answer material for a test) or other “original works of authorship” that arise from professional responsibilities as defined in this Agreement. The University will, however, retain its right to works of faculty authorship under the principle of “work made for hire” if they were created in consideration for additional compensation or reduced workload.

Appendix C: Evaluation

Appendix C1: Professional Activities Report

All faculty whose primary role is teaching (50% or more of load) will complete a Professional Activities Report for each year in which they are evaluated. There are four major categories; each with sub-categories. The following list of defining activities includes examples and is not meant to be an all-inclusive list. All release time activities will be evaluated separately. Faculty must provide, through qualitative and quantitative data as well as reflective narratives, evidence for each sub-category in which they have indicated a non-zero weight on the Professional Activities Weighting form.

Student Learning Activities:

The faculty and administration agree that the primary responsibility of all faculty is student learning. As such, this category commands the greatest weight in faculty evaluation. This category emphasizes the design of educational material to ensure student learning and the assessment of that learning. Student Learning Activities are not all of equal value. The required documentation within this category should provide sufficient evidence that all aspects of the faculty member's instructional and assessment activities result in significant student learning. Typical Student Learning Activities include, but are not limited to:

- *Instructional Design (Designing and sequencing experiences which, when engaged by a qualified learner, result in a high probability that specified learning outcomes will be achieved by the student)*
 - Developing course materials (e.g., handouts, slide presentations)
 - Developing computer simulations, exercises or lab projects
 - Designing strategies for experiential learning events
- *Instructional Delivery (Promoting and facilitating learning, including motivating students, generating enthusiasm, and communicating effectively using various forms of information transmittal technology)*
 - Delivering lectures, leading lab sessions, or supervising learning activities
 - Operating chat room or bulletin board for online course
 - Facilitating small-group experiential learning events
- *Instructional Assessment (Developing tools, procedures, and strategies for assessing student learning and providing meaningful feedback to students)*
 - Developing assessment such as written examinations, quizzes or assignments
 - Grading student work such as exams, quizzes, or papers
 - Evaluating student work such as essays, music recitals, theater presentations, or dance productions
 - Providing timely feedback to students
 - Timely reporting of grades
- *Course Assessment (Measuring student learning and adapting future teaching to improve student success)*
 - Clearly stating measurable student learning outcomes to students
 - Mapping learning activities to specific student learning outcomes
 - Identifying student learning outcomes in which students are struggling
 - Providing strategies to address student learning outcomes in which students are struggling
 - Reporting of course assessment data to the school and institutional levels

Advising & Student Support Activities:

Advising and Student Support Activities are not all of equal value. The required documentation within this category should provide qualitative and quantitative data as well as reflective narratives from interactions with students. Typical Advising and Student Support Activities include, but are not limited to:

- *Academic Advising*
 - Advising students with their academic endeavors
- *Student Mentoring*
 - Mentoring students engaged in research, writing journal articles, or writing a thesis
 - Supervising, advising and placing internships, practicum and senior projects
- *Student Support*
 - Advising a student club/organization/team
 - Writing recommendation letters / helping with graduate school applications
 - Helping graduating students with resumes/finding jobs
 - Responding to students phone calls, emails, text messages
 - Helping students with study skills and time management

Scholarly & Creative Activities:

Scholarly & Creative Activities are not all of equal value. Required as documentation is a narrative addressing the extent to which an activity contributes to the faculty member's discipline(s); his or her performance of professional responsibilities; or the Department's, School's, College's, or University's Mission or Strategic Plans. Typical Scholarly & Creative Activities include, but are not limited to:

- *Proficiency & Maintaining Currency (Maintaining currency within one's chosen discipline or base profession)*
 - Presenting at workshops or conferences in your discipline or education
 - Acquiring certifications or credentials in your discipline
 - Pursuing advanced coursework in your field
 - Engaging in activities to stay current in your field or improve your teaching
- *Discovery & Creation (1. Conducting research appropriate to faculty member's discipline, or 2. Engaging in creative endeavors.)*
 - Conducting research in your field
 - Writing grants
 - Writing a play, opera or novel
 - Consulting
 - Developing new systems, processes, technology, or software, etc. for commercial use
- *Dissemination (Transmitting and sharing information about one's field of academic expertise or base profession)*
 - Writing books, monographs, journals, magazine articles, etc.
 - Staging or directing musical/theatrical/dance productions
 - Presenting work at conferences or to the community
- *Translation (Translating research findings into new products, services, or artistic expressions of benefit to either the professional or the larger general society)*
 - Conducting applied research to produce a practical, useable product, procedure or service
 - Inventing and patenting a new product based on previous research
 - Developing a clinic protocol for treatment of a specific disease based on the use of newly developed drugs or medical technology

Service Activities:

Service to the University, the profession, and the community are an important component of a faculty member's responsibility. Not all Service Activities are of equal value. Required as documentation is a narrative addressing the extent to which an activity contributes to the Department's, School's, College's, or University's Mission or Strategic Plans. Typical Service Activities include, but are not limited to:

- *The Institution*
 - Attending meetings or serving on committees (department, University)

- Assessing programs or developing curriculum
- Performing lab maintenance / IT functions / web site
- Creating newsletters/PR materials
- Recruiting students or working orientation sessions
- Fundraising (departmental, scholarships, etc.)
- *The Profession*
 - Holding office in professional organization
 - Reviewing journal or conference articles

Faculty being evaluated will submit an Evaluation Narrative by July 1st. The narrative format follows and will include the following.

- Four self-assessing narratives, corresponding to the four major categories of the Professional Activities Weighting form, not to exceed 500 words.
- A listing of all sub-categories with scores below the minimum level. In each case, the faculty member will suggest action(s) to help improve his or her performance in that sub-category.
 - The Professional Activities Weighting form contains four major categories and 14 sub-categories. For all categories and each non-zero weighted sub-category compare your score with the “maintenance” score (3.75) and, when appropriate, to the promotion rank minimums.
 - All scores below 3.75 require a plan for improvement.
- List of goals for the next 3-5 years.
- Attachments of all relevant documents for the immediate supervisor’s review.

The “maintenance” value has been initially established (3.75) and will be adjusted per section 20.4. of the Agreement.
