Living on Campus

Be close to it all!

Living on Campus

All housing on LSSU's campus is within a five-minute walk of your classes. In fact, all facilities, including the dining hall, library, Student Activity Center, Health Care Center and Barnes & Noble store are on campus grounds and easily accessible.

Students are required to live on campus if they are less than 27 months out of high school, (freshman and sophomore) unless they apply for a housing exception or live within the tri-counties (Chippewa, Luce, Mackinac).

If you plan on living on campus, you should:

- ✓ Complete the **Housing Application*** online or by paper, and return it to the Campus Life and Housing Office. Priority is given based on the date that the application and payment are received, along with space availability. We strive to accommodate all requests.

The **Residence Hall/Dining Contract** will be available online once we have processed your University Housing Assignment.

- ✓ Find out what to bring to campus by visiting lssu.edu/housing/what-to-bring-to-campus

**Living Learning Communities require an additional application. Contact the Campus Life and Housing Office to get an application or go to our housing website at lssu.edu/housing/applications-handbooks.*

You'll have a support system!

Laker Success

We want every student to succeed in their academic pursuits and have a positive university experience.

Many studies show that students who live in University housing complete more credit hours and have higher GPAs. Access to the library and other academic buildings is more convenient for students living on campus. For these reasons, we encourage students to live in University housing. Eating healthy, exercising, getting

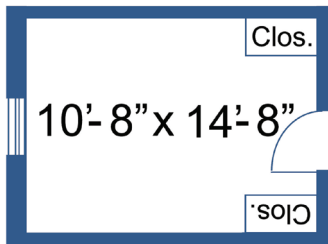

enough sleep, as well as scheduling study and coursework times are all a part of planning for a successful semester.

We are here to help you succeed! LSSU created the Laker Success program to provide academic support inside the residence halls. Our Resident Success Coaches are upper-class students who take an active roll in passing on the skill and techniques that they have developed to students living on campus.
