

Why Engineering at LSSU?

YOUR EDUCATION

- **Quality:** Fundamentals of Engineering exam pass rate above the national average
- Nearly **100% job placement** with nationally competitive salaries
- **Real-world experience:** Internships, co-ops, industry-sponsored projects
- **Small classes:** 15 students on average, 2/3 with engineering labs
- Lab (and classes) taught by **faculty, not teaching assistants**
- Engineering-specific **scholarships**
- International **student organizations:** SWE, IEEE, ASME, SAE
- Nationally-recognized, multi-million dollar **robotics lab**
- **FIRST®** mentoring & tournaments
- **Value:** “Michigan’s Most-Affordable College” - Study.com
- **One Rate:** Same tuition world-wide

Bachelor of Science:

- Computer Engineering
- Electrical Engineering
- Mechanical Engineering
- Robotics Engineering
- Electrical Engineering Technology
- Manufacturing Engineering Technology

Concentrations: *(vary by degree)*

- Digital Systems
- Robotics & Automation
- Vehicle Systems

Minors:

- Electrical Engineering
- Mechanical Engineering
- Robotics Technology

Associate of Science:

- Electrical Engineering Technology
- General Engineering
- General Engineering Technology
- Manufacturing Engineering Technology
