

**Detroit Service Learning Academy**  
Comprehensive Support and Improvement (CSI)  
Essential Level of Support  
**Partnership Agreement Template 2022-2025**  
**for Round Four Partnership Districts**

This partnership agreement is entered on April 17, 2023 among the signatory partner entities, including Detroit Service Learning Academy, Lake Superior State University, the Wayne RESA, and the Michigan Department of Education (MDE). According to Section 388.1622p of the Michigan Compiled Laws, assignment of a district to a 3-year partnership is made by the state superintendent of public instruction. See **Appendix A** Levels of Support and District Requirements.

The above-named signatory partner entities agree that upon the commencement date of this partnership agreement, they shall collaboratively work to achieve the mutually agreed upon goals, including interim target benchmarks and aligned end target outcomes for the local education agency (LEA), both traditional public school districts and public school academies (PSA) and schools named in this document. The purpose of the agreement is to improve student achievement at Detroit Service Learning Academy

The purposes, terms, and conditions of this agreement are as follows:

**I. COMPONENTS OF THIS AGREEMENT**

The signatory partner entities will collectively assess the needs defined below in **Section I.A.1-5** and develop a plan of support and interventions. Through increased collaboration and positive relationships, the signatory partners will implement Detroit Service Learning Academy's agreement with fidelity, resulting in improved academic achievement for all students. Within 90 days of assignment as a partnership district, signatory partner entities agree to collaboratively complete a partnership agreement that:

- A. Utilizes the Michigan Integrated Continuous Improvement Process (MICIP) to "complete a comprehensive needs assessment in collaboration with an intermediate district, community members, education organizations, and postsecondary institutions, as applicable". Section 388.1621h of the Michigan Compiled Laws

The goals within the partnership agreement are generated from three state and two federal requirements. The process to generate goals is completed via the Areas of Inquiry as defined within the MICIP process and terminology. The five required Areas of Inquiry are:

### State Requirements

1. The district's implementation and utilization of a multi-tiered system of supports (MTSS) to ensure it is used to appropriately inform instruction [MCL Section 388.1621h]
2. The district and school(s) building leadership and educator capacity to substantially improve student outcomes [MCL Section 388.1621h]
3. The district's classroom, instructional, operational practices, and curriculum to ensure alignment with research-based instructional practices and state curriculum standards [MCL Section 388.1621h]

### Federal Requirements

4. All components in the Michigan School Index for all schools identified for Comprehensive Supports and Improvement [Every Student Succeeds Act Sec. 1111.c.4.D]
5. Resource inequities, which include a review of district and school level budgeting via the Resource Allocation Review process [Every Student Succeeds Act Sec. 1111.c.4.D]

The MICIP platform will be used annually for partnership districts to outline strategies and activities for each goal, including funding and communication. The identified strategies for the goals should address whole child needs. A Partnership Agreement Report will be generated via MICIP and is a required attachment to this agreement.

- B. Includes an academic and financial operating or intervention plan, as part of the partnership agreement, that has been approved by the state superintendent or his/her designee addressing the needs identified in the comprehensive needs assessment [MCL Section 388.1621h]. Additionally, the academic and financial operating or intervention plan must:
  1. Identify how the district's MTSS is used to inform instruction appropriately
  2. Identify how the district's talent/staff management system, including specific details regarding district and school building leadership and educator capacity, will substantially improve student outcomes
  3. Identify how the district's instructional, curriculum, and operational practices align with research-based instructional practices and state standards unless required to complete a resource allocation review; the Partnership Agreement Report produced by MICIP will serve as the academic and financial operating or intervention plan.

C. Includes aligned measurable 18-month interim target benchmarks and 36-month end target outcomes that will be achieved for each school operated by the district that is included in the partnership agreement and subject to approval by the director of the OPD. [MCL Sections 388.1621h and 388.1622p]

D. Includes two to five accountability measures:

1. For a traditional district assigned as a partnership district, accountability measures under this subdivision must include the reconstitution of the school. [MCL Section 388.1622p]
2. For a PSA assigned as a partnership district, accountability measures under this subdivision may include the reconstitution of the school. [MCL Section 388.1622p]

One or more accountability measures must be imposed no later than the following school year if the district does not achieve the measurable academic outcomes for each school operated by the district that is subject to the partnership agreement.

E. Includes specific actions that will be taken by the district and each of its signatory partner entities to improve student achievement as measured by the Michigan School Index. [MCL Section 388.1621h]

## II. PROCESS FOR COMPLETING THE PARTNERSHIP AGREEMENT

A. Assessing Needs: Engaging in a process that assesses the district's needs reveals a picture of its achievements and challenges and identifies the factors critical to its success. This includes looking at several data sources, including academic, non-academic, and district/building systems, as well as a variety of data types: achievement, demographic, perception, and process, to identify the gap between the current and desired state.

1. The district will assess needs via an iterative process on a regular basis throughout the continuous improvement cycle. The district will first look at district-wide data in the areas of inquiry and then look at the same school level data for the school(s) identified for CSI.
2. The district and school will then engage in root cause analysis around the areas of inquiry to discern the primary contributing factor(s), identify challenges or opportunities for growth, and identify assets that can be leveraged to address those opportunities.

B. Plan, Implement, and Monitor: Goals provide a sense of direction, motivation, and clear focus for improvement and are a result of the needs assessment defined in **Section II.A**. The partnership district will define a

minimum of three goal areas with specific, measurable, attainable, relevant, and time-bound (SMART) benchmarks and outcomes. Goal areas will include a minimum of one aligned pair of 18-month interim target benchmarks and accompanying 36-month end target outcomes as detailed in the table found in **Section XVII**. See **Appendix C** Example Benchmarks and Outcomes Table.

1. The district and school will outline goals, strategies, and activities that, when implemented with fidelity, will help the district reach its goals, meet whole child needs, and achieve success.
2. The district will identify and include 18-month interim target benchmarks and 36-month end target outcomes aligned to the previously identified goals. This will be completed in the table found in **Section XVII**. Requirements for benchmarks and outcomes must include the following:
  - state assessments for at least one 18-month interim target benchmark and aligned 36-month end target outcome measuring proficiency or growth [MCL 388.1622p]
  - local student data for at least one 18-month interim target benchmark and aligned 36-month end target outcome
  - process data for at least one 18-month interim target benchmark and aligned 36-month end target outcome
  - a minimum three (3) percentage point increase in proficiency on state assessments; the desired increase shall be based upon the current value and an increase that would likely result in a Michigan School Index score above the bottom 5%
  - at least one 18-month interim target benchmark and aligned 36-month end target outcome that addresses literacy
  - at least one 18-month interim target benchmark and aligned 36-month end target outcome that addresses mathematics

While goals, 18-month interim target benchmarks, and 36-month end target outcomes do not change, a partnership district will monitor and may need to adjust strategies, activities, funding, and communication to attain the final goal.

### **III. REVIEW OF BENCHMARKS, OUTCOMES, AND IDENTIFICATION**

Evaluating the attainment of interim benchmark target and end outcome target measures occurs twice during the life of the partnership agreement. Each evaluation follows established business rules and includes reviewing the partnership district's capacity, fidelity, the extent of reaching the targeted population or stage of implementation (scale/reach), and the impact of identified goals.

- A. Interim Target Benchmark Review (BR): attainment of interim target benchmarks is reviewed at the 18-month mark of the partnership agreement to determine whether schools and districts are On-Track, Off-Track with Progress, or Off-Track in meeting the goals of its partnership agreement.
- B. Summary Report and Academic Outcome Evaluation: attainment of end target outcomes are reviewed at the 36-month mark of the partnership agreement and termed PA Summary Report or a 36-month Academic Outcome Evaluation (AOE). An AOE is specific to state legislation, and federal identification levels for support to determine the application of accountability measures defined in **Section XV** of the agreement should a school within the partnership agreement be re-identified for CSI.

#### IV. **TERMS AND CONDITIONS**

Detroit Service Learning Academy retains control of the school(s) named in this agreement. The Michigan Department of Education and the partners named in this agreement will provide mutually agreed upon support to meet the benchmarks and outcomes.

## **Appendix D      Public School Academies**

This Appendix applies if the school named in the Partnership Agreement is a public school academy as defined in MCL 380.5(7).

**A.    Period of Agreement.** Termination of the charter contract between the public school academy and the authorizer (“Contract”) shall not affect the Agreement term. If the Authorizer terminates or does not reauthorize the Contract, the Authorizer’s obligations under this Agreement automatically terminate on the same day as the Contract terminates. If a different authorizing body issues a new charter contract to the Academy, the Academy must ensure before executing that charter contract that the new authorizing body has signed the Agreement and assumes the authorizer’s rights and obligations under the Agreement for the remainder of its term.

Nothing in this Agreement shall prevent the Academy or Authorizer from exercising other termination or revocation rights set forth in the Contract or under applicable law.

The persons who have executed this agreement represent that they are duly authorized to execute this agreement on behalf of the party for whom they are signing.
