Re: 2023-2024 NWEA Testing Windows

Good Afternoon, All-

You will find the LSSU mandated testing windows for the 2023-24 academic year. Remember, you must assess your second through eighth graders three times per year according to these testing windows. If you require a modification, please make your request to Julie Buchholtz at jhopper@lssu.edu . After your testing window is complete, remember to certify in Epicenter.

- Fall: September 12-October 6
- Winter: January 8- February 9
- Spring: April 29- June 7
