**PORTFOLIO
PERFORMANCE
REPORT**

PHILOSOPHY:

We believe in authorizing through the lens of an educator realizing that students are more than academic performance or financial incentives. True authorizing takes into account the whole child, whole academy, and whole community while recognizing the importance of increased performance sustainability.

VISION:

We envision an educational system in Michigan that provides families with diverse educational opportunities that allow each child to flourish and find their place in the global community.

MISSION:

To ensure quality oversight and support to our authorized charter academies resulting in students who are prepared for the next phase of life whether it be attending college, joining the military, or entering the workforce.

“OUR AIM IS TO NOT BE THE BIGGEST AUTHORIZER IN MICHIGAN BUT RATHER BE AN AUTHORIZER THAT PROVIDES QUALITY OVERSIGHT AND SUPPORT TO OUR ACADEMIES THAT RESULT IN POSITIVE STUDENT OUTCOMES.”

MESSAGE FROM THE DIRECTOR

Dear LSSU Charter Schools Community,

*I am honored to share with you the **Annual Portfolio Report** for Lake Superior State University Charter Schools. This report reflects our collective dedication to providing high-quality education and fostering opportunities for Michigan students and families.*

Our journey began in 1998 with two academies and today, our portfolio has grown to include 19 public school academy districts operating 26 sites statewide. Together, we are making a significant impact, advancing the mission of educational choice and innovation.

As a charter school authorizer, our mission is rooted in fostering high-quality educational opportunities for all students. We recognize that this work requires continuous evolution and strengthening to meet the changing needs of our communities, students, and schools.

To that end, we remain committed to:

- **Enhancing Accountability:** Refining our evaluation processes to ensure schools deliver measurable, positive outcomes for students.
- **Promoting Equity:** Supporting initiatives that advance access and success for all learners, particularly those who have been historically underserved.
- **Building Collaborative Partnerships:** Engaging with schools, families, and community stakeholders to create supportive environments for student success.
- **Adopting Best Practices:** Staying at the forefront of innovative authorizing practices to uphold excellence across the charter sector.

Together, we will continue to foster a culture of high expectations, adaptability, and shared responsibility to ensure that every charter school we oversee provides a transformative education.

We deeply appreciate the hard work, dedication, and passion you bring to the students, families, and communities served by LSSU charter schools. Your unwavering efforts are vital, and we commend your commitment to your students' academic success.

This Portfolio Report offers a comprehensive summary of the academic, financial, governance, and compliance data for all LSSU-authorized academies. Please do not hesitate to contact us should you ever need assistance.

*Warm regards,
Chris Oshelski
