

BACHELOR OF SCIENCE ACCOUNTING

The discipline of accounting provides financial and other information essential to the efficient conduct and evaluation of the activities of any organization. Accounting includes the development and analysis of data, the testing of its validity and relevance, and the interpretation and communication of the resulting information to intended users. Students completing the degree will be eligible to sit for various professional certification examinations. The program complies with current educational requirements for the CPA certification.

Students desiring to become Certified Public Accountants must complete 150 hours of coursework as required by the State of Michigan. Students will work with an advisor to select 26 additional credits, including ACTG450: CPA Prep, in other business areas that align with their academic and career objectives and help prepare them for the CPA exam.
