

## BACHELOR OF SCIENCE BUSINESS ADMINISTRATION Accounting/Finance Minor

The business administration major is designed to provide students with a broad overview of business concepts, along with particular emphasis in accounting/finance. The intent of this degree is to create a well-rounded graduate with a basic understanding of all aspects of a business organization, both in the office and on the workplace floor. The courses in the accounting-finance minor, in addition to the professional business core, equip students with the knowledge and skill to further their education in the area of business.

The business administration (generalist) program is regionally accredited by the Higher Learning Commission, but has been excluded from Accreditation Council for Business Schools and Programs accreditation at this time.
